## MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a schools injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

DR. FRANKLIN MILES, the celebrated specialist has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement and that the ordinary methods of treatment are wrong. All headache, dizziness, duliness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderfulsuccess of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

# 1898 THE SILVER PLATFORM

The silver wing of the Republi can State Convention unanimously adopted the following platform:

The convention endorses and adopts the platform of the Republicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the administration of President Harrison, insofar as they have failed to accomplish the comrlete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it a cupled previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and passamount to all other political considerations. The legislation which robbed silver of its namely functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of

the commercial world. Resolved, That the people of Navada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and

unlimited coinage of silver. In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remoneti-zation of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Cenvention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and contention for the free and unumited coinage of silver at the present ratio of 16 to 1, for their ewn benefit and for the benefit of the people at large miners, farmers, laborers and mechanies.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembled, do set forth the following declaration of principles:

First. We demand the full remonetization of eilver and the free Photographs - in - Colors, and unlimited coinage thereof, at the present ratio of 16 to 1

The linest effect ever produced Second. We are radically and in photography. A beautiful pres- unalterably opposed to the Nationent for the holidays. Cabinets al Republican and Democratic par-Boulcies and Paris Panels pro- ties on the question of the free duced by the I stantaneous pro- coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other Views of the Pacific Coast scenary, mining states and territories, and we therefore repudiate the nominees of their convention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for THE -:- DELTA. electors to support to United States who is not une , iv-The Best of Wines, Liquors ocally in favor of free coinage as defined by this convention.
